Key Contacts

Hours for Key Contacts are 8:00 a.m. to 5:00 p.m. Monday through Friday (Mountain Time), unless otherwise stated. The phone numbers designated “In state” will not work outside Montana.

Provider Relations

Contact Provider Relations for questions about Medicaid, MHSP, and CHIP eyeglass and dental questions including payments, denials, eligibility, general claims questions, and PASSPORT or Medicaid questions or enrollment:

(800) 624-3958 In state
(406) 442-1837 Out of state and Helena
(406) 442-4402 Fax

Send written inquiries to:
Provider Relations Unit
P.O. Box 4936
Helena, MT 59604

PASSPORT Client Information

Clients who have general Medicaid questions may call the **Montana Medicaid Help Line** or write to:

(800) 362-8312 In and out-of-state

PASSPORT To Health
P.O. Box 254
Helena, MT 59624-0254

PASSPORT Program Officer

PASSPORT providers report errors, omissions, or discrepancies in enrollee utilization and cost reports to:

(406) 444-4540

PASSPORT Program Officer
DPHHS
Medicaid Services Bureau
P.O. Box 202951
Helena, MT 59620-2951

Claims

Send paper claims to:
Claims Processing Unit
P. O. Box 8000
Helena, MT 59604

Client Eligibility

There are several methods for verifying client eligibility; see *Client Eligibility and Responsibilities*, *Verifying Client Eligibility*.

Third Party Liability

For questions about private insurance, Medicare, or other third-party liability:

(800) 624-3958 In state
(406) 442-1837 Out of state and Helena

Send written inquiries to:
Third Party Liability Unit
P. O. Box 5838
Helena, MT 59604

Provider's Policy Questions

For policy questions, contact the appropriate division of the Department of Public Health and Human Services; see *Program Policy Information* in the *Introduction* chapter.

Presumptive Eligibility

To verify Presumptive Eligibility call:
(800) 932-4453

To become a provider who can determine presumptive eligibility contact:

(406) 444-4540

Send written inquiries to:
Health Policy and Services Division
1400 Broadway
Helena, MT 59601

ACS EDI Gateway

For questions regarding electronic claims submissions:

(800) 987-6719 Phone

(850) 385-1705 Fax

ACS EDI Gateway Services
2324 Killearn Center Blvd.
Tallahassee, FL 32309

Administrative Reviews and Fair Hearings

To request an administrative review, address or direct the request to the division that issued the contested determination, and deliver or mail to:

DPHHS
111 N. Sanders
P.O. Box 4210
Helena, MT 59604-4210

To request a fair hearing, deliver or mail the request to the following address. A copy of the hearing request must also be delivered to the division that issued the contested determination.

DPHHS
Quality Assurance Division
Office of Fair Hearings
P.O. Box 202953
Helena, MT 59620-2953

Health Insurance Premium Payment Coverage

To apply for this program contact:

(800) 694-3084 In state

(406) 444-9440 Out of state and Helena

Send written inquiries to:

Health Insurance Payment Program
P.O. Box 202953
Helena, MT 59620-2953

Surveillance/Utilization Review

To report suspected fraud and abuse by providers:

(406) 444-4586

(800) 376-1115

To report suspected fraud and abuse by clients:

(406) 444-4167

Send written inquiries to:

Fraud and Abuse
Surveillance/Utilization Review
2401 Colonial Drive
P.O. Box 202953
Helena, MT 59620-2953

Team Care Program Officer

For questions regarding the Team Care Program:

(406) 444-4540 Phone

(406) 444-1861 Fax

Team Care Program Officer
DPHHS
Managed Care Bureau
P.O. Box 202951
Helena, MT 59620-2951

Nurse First

For questions regarding Nurse First Disease Management or the Nurse Advice Line, contact:

(406) 444-4540 Phone

(406) 444-1861 Fax

Nurse First Program Officer
DPHHS
Managed Care Bureau

Internet Information

A wealth of information is available on the internet through the Provider Information website

<http://www.mtmedicaid.org>

Program manuals, notices, and fee schedules are available on the web.

Providers can stay informed with the latest Medicaid news and upcoming events, download provider manuals, notices, manual replacement pages, fee schedules, newsletters, and forms. Many other items are available on the website such as Medicaid and PASSPORT enrollment forms, Medicaid definitions and acronyms, RA notices, frequently asked questions (FAQs), statistics, links to related websites, and much more. This website is updated almost daily, so visit us often!

Contract Services

Medicaid works with various contractors who represent Medicaid through the services they provide. Although it is not necessary for providers to know contractor duties, the following information on some major contractors is provided for your information.

Contractor	Service
ACS	<ul style="list-style-type: none"> Processes Medicaid claims, MHSP claims, and CHIP dental and eye-glass claims Enrolls providers in both Medicaid and PASSPORT To Health Answers provider inquiries
Northrop Grumman	<ul style="list-style-type: none"> Maintains The Economic Assistance Management System (TEAMS), the client eligibility system used by the local offices of public assistance. Maintains the Medicaid Eligibility and Payment System (MEPS).
MAXIMUS	<ul style="list-style-type: none"> Enrolls clients in the PASSPORT To Health managed care program. Answers general Medicaid questions for clients.
First Health	<ul style="list-style-type: none"> Provides prior authorization, utilization review, and continued stay review for some mental health services
Mountain-Pacific Quality Health Foundation	<ul style="list-style-type: none"> Provides prior authorization for many Medicaid services.

Other Programs

In addition to Medicaid, the Department of Public Health and Human Services (DPHHS or the Department) sponsors the following programs for Montana residents:

The following list shows some of the information returned to the provider in response to an eligibility inquiry:

- ***Client's Medicaid ID number.*** This is the ID number used when billing Medicaid, and may be the client's social security number.
- ***Eligibility status.*** Medicaid eligibility status for the requested date(s):
 - ***Full Medicaid.*** When a client's eligibility denotes "Full" coverage, the client is eligible for all Medicaid covered services.
 - ***Basic Medicaid.*** When eligibility denotes "Basic", the client is only eligible for some Medicaid services. For information on full and basic coverage, see *Appendix A: Medicaid Covered Services*.
 - ***QMB.*** QMB means the client is a Qualified Medicare Beneficiary (see *When Clients Also Have Other Insurance*, within this chapter).
 - ***Team Care.*** When eligibility denotes a "TC" indicator or states "Team Care: Yes", the client is enrolled in the Team Care program. All services must be provided or approved by the designated PASSPORT provider.
- ***Designated provider.*** The client's primary care provider's name and phone number are shown for clients who are enrolled in PASSPORT To Health or Team Care. In either case, all services must be provided or approved by the designated provider (see the *PASSPORT and Prior Authorization* chapter in this manual).
- ***TPL.*** If the client has other insurance coverage (TPL), the name of the other insurance carrier is shown.
- ***Medicare ID number.*** A Medicare ID number for clients who are eligible for both Medicaid and Medicare.

Client without card

Since eligibility information is not on the card, it is necessary for providers to verify eligibility before providing services (see *Verifying Client Eligibility* in this chapter), whether or not the client presents a card. Confirm eligibility using one of the methods shown in the *Verifying Client Eligibility* table in this chapter. If eligibility is not available, the provider may contact the client's local office of public assistance (see *Appendix B: Local Offices of Public Assistance*).

Newborns

Care rendered to newborns can be billed under the newborn's original Medicaid ID number (assigned by the mother's local office of public assistance) until a permanent ID number (social security number) becomes available. The hospital or the parents may apply for the child's social security number. Parents are responsible for notifying their local office of public assistance when they have received the child's new social security number.

Inmates in Public Institutions (ARM 37.82.1321)

Medicaid does not cover clients who are inmates in a public institution.

Presumptive Eligibility for Pregnant Women

To encourage prenatal care, uninsured pregnant women may receive “presumptive eligibility” for Medicaid. If the client presents a *Presumptive Eligibility Notice of Decision*, call (800) 932-4453 to confirm presumptive eligibility. See *Appendix C: Forms* for a sample *Presumptive Eligibility Notice of Decision* (DPHHS HCS-428). Presumptive eligibility may be for only part of a month and does not cover inpatient hospital services, but does include all other applicable Medicaid services listed on the *Covered Services* table in *Appendix A*.

Designated providers determine presumptive eligibility and give the client a *Presumptive Eligibility Notice of Decision*. To be a designated provider, the provider must complete an application and provide one of the following services: outpatient hospital, rural health clinic, or clinic services under physician direction. To become a provider who determines presumptive eligibility, call (406) 444-4540.

Retroactive Eligibility

When a client is determined retroactively eligible for Medicaid, the client should give the provider a notice of retroactive eligibility (HCS-455). The provider has 12 months from the date retroactive eligibility was determined to bill for those services. When a client becomes retroactively eligible for Medicaid, the provider may:

- Accept the client as a Medicaid client from the current date.
- Accept the client as a Medicaid client from the date retroactive eligibility was effective.
- Require the client to continue as a private-pay client.

Institutional providers (nursing facilities, skilled care nursing facilities, intermediate care facilities for the mentally retarded, institutions for mental disease, inpatient psychiatric hospitals, and residential treatment facilities) must accept retroactively eligible clients from the date eligibility was effective.

Non-emergency transportation and eyeglass providers cannot accept retroactive eligibility.

For more information on billing Medicaid for retroactive eligibility services, see the *Billing Procedures* chapter in the Medicaid billing manual for your provider type.

Coverage for the Medically Needy

This coverage is for clients who have an income level that is higher than Medicaid program standards. However, when a client has high medical expenses relative to income, he or she can become eligible for Medicaid by “spending down” income to specified levels on a monthly basis. When the client chooses a “spend down” option, he or she is responsible to pay for services received before eligibility begins, and Medicaid pays for remaining covered services.

Because eligibility does not cover an entire month, the client’s eligibility information may show eligibility for only part of the month, or the provider may receive a *Medicaid Incurment Notice*. The incurment notice, sent by the local office of public assistance, states the date eligibility began and the portion of the bill the client must pay. (See *Appendix C: Forms* for a sample *Medicaid Incurment Notice*.) If the provider has not received an incurment notice, he or she should verify eligibility for the date of service by any method described in this chapter or by contacting the client’s local office of public assistance. Since this eligibility may be determined retroactively, the provider may receive the *Incurment Notice* weeks or months after services have been provided.

Clients also have a “cash option” where they can pay a monthly premium to Medicaid, instead of making payments to providers, and have Medicaid coverage for the entire month. This method results in quicker payment, simplifies the eligibility process, and eliminates incurment notices. Providers may encourage but not require clients to use the cash option.

Providers should verify if medically needy clients are covered by Medicaid on the date of service to determine whether to bill the client or Medicaid.

Nurse First

Nurse First Programs provide disease management and nurse triage services for Medicaid clients throughout the state.

Nurse First Advice Line. The Nurse First advice line is a toll free, confidential phone line staffed by licensed-registered nurses available 24/7. Clients are encouraged to call the nurse line any time they are sick, hurt, or have a health concern. The nurses triage callers’ symptoms using clinically based algorithms, then direct them to seek the appropriate level of services at the appropriate time. The nurses do not diagnose nor provide treatment. Most Medicaid clients are eligible to use the Nurse First Line, except clients in a nursing home/institution or clients with both Medicare Part A and B and Medicaid coverage. The program is voluntary through participation is strongly encouraged.

Nurse First Disease Management. Disease management services are available to selected Medicaid clients. The services promote adherence to providers’ treatment plans and improve healthier living behaviors by providing individualized counseling and education through face-to-face and telephonic interaction with specially trained registered nurses. Medicaid clients identified with one of the following

conditions are eligible for participation: asthma, diabetes, heart failure, cancer and chronic pain. All clients meeting the eligibility requirements will automatically be enrolled in the program. Clients who do not wish to participate may “opt-out” or disenroll at any time. Program participation is strongly encouraged.

Montana Breast and Cervical Cancer Treatment Program

This program provides Basic Medicaid coverage for women who have been screened through the Montana Breast and Cervical Health Program (MBCHP) and diagnosed with breast and/or cervical cancer or a pre-cancerous condition. Clients enrolled in this program have “Basic” coverage (see Full and Basic Coverage earlier in this chapter). All other policies and procedures in this chapter apply. For information regarding screening through the MBCHP program, call (888) 803-9343.

When Clients Also Have Other Coverage

Clients with Medicare

Some Medicaid clients also are covered by Medicare, the federal program for people age 65 and over and for people with disabilities. These clients are often referred to as “dual eligibles.” Medicare Part A covers inpatient hospital care, skilled nursing care facility and other services; Medicare Part B covers outpatient hospital care, physician care and other services. Most Medicare clients receive both Part A and Part B benefits. A few Medicare clients are eligible for one part only, so whether they are “dually eligible” depends on the service provided.

Medicare is the primary insurer for all dual eligibles. Medicaid may pay some or all of the client’s Medicare premium, deductible and coinsurance costs, depending on the type of dual eligibility as follows. The following clients receive *Montana Access To Health* cards, so providers must check eligibility to determine the type of coverage the client has.

- **Qualified Medicare Beneficiaries (QMB)**

For QMBs, Medicaid pays their Medicare premiums and some or all of their Medicare coinsurance and deductibles. See the *How Payment Is Calculated* in the Medicaid billing manual for your provider type to learn how these Medicaid payments are calculated. QMB clients may or may not also be eligible for Medicaid benefits.

QMB Only. Medicaid will make payments only toward Medicare coinsurance and deductibles.

QMB/Medicaid. The list of covered services is the same as for other Medicaid clients. If a service is covered by Medicare but not by Medicaid, Medicaid will pay all or part of the Medicare deductible and coinsurance. If a service is covered by Medicaid but not by Medicare, then Medicaid will be the primary payer for that service.

- **Other Dual Eligibles**

Coverage is the same as for QMB/Medicaid clients except that Medicaid does not pay the Medicare premiums.

- **Specified Low-Income Medicare Beneficiaries (SLMB)**

For these clients, Medicaid pays the Medicare premium only. They do not receive Medicaid cards, are not eligible for other Medicaid benefits, and must pay their own Medicare coinsurance and deductibles.

Medicaid Benefits for Dually Eligible Clients		
Type of Dual Eligible	Medicare Premium Paid By	Medicare Coinsurance & Deductible Paid By
QMB only	Medicaid	Medicaid*
QMB/Medicaid	Medicaid	Medicaid*
Other dual eligibles	Client	Medicaid*
Specified Low-Income Medicare Beneficiary	Medicaid	Client
* See the <i>How Payment Is Calculated</i> chapter in the specific provider manual to learn how Medicaid calculates payment for Medicare coinsurance and deductibles.		

When clients have Medicare or other insurance, see *Coordination of Benefits* before billing Medicaid.

Clients with other sources of coverage

Medicaid clients may also have coverage through workers' compensation, employment-based coverage, individually purchased coverage, etc. Other parties also may be responsible for health care costs. Examples of these situations include communal living arrangements, child support, or auto accident insurance. These other sources of coverage have no effect on what services Medicaid covers. However, other coverage does affect the payment procedures; see *How Payment Is Calculated* in the Medicaid billing manual for your provider type.

The Health Insurance Premium Payment Program

Some Medicaid clients have access to private insurance coverage, typically through a job, but don't enroll because they cannot afford the premiums. In these cases, Medicaid **may** pay the premiums, at which time the private insurance plan becomes the primary insurer. The client also remains eligible for Medicaid. When Medicaid clients have access to private insurance coverage, they may apply for the Health Insurance Premium Payment Program. See *Key Contacts*.

Indian Health Service

The Indian Health Service (IHS) provides federal health services to American Indians and Alaska Natives. IHS is a secondary payer to Medicaid. For more information, see the table of *Subsidized Health Insurance Programs in Montana* at the end of this chapter.

Crime victims

The Crime Victims' Compensation Program is designed to help victims of crime heal. This program may provide funding for medical expenses, mental health counseling, lost wages support, funerals, and attorney fees. Crime Victim Compensation is a secondary payer to Medicaid. For more information see table of *Subsidized Health Insurance Programs in Montana* at the end of this chapter.

When Clients are Uninsured

Several state and federal programs are available to help the uninsured; see *Subsidized Health Insurance Programs in Montana* at the end of this chapter.

Client Responsibilities

Medicaid clients are required to:

- Notify providers that they have Medicaid coverage.
- Present a valid Montana Access To Health card at each visit.
- Pay Medicaid cost sharing amounts; see *Billing Procedures* chapter in provider-specific manual.
- Notify providers of any other coverage, such as Medicare or private insurance.
- Notify providers of any change in coverage.
- Forward any money received from other insurance payers to the provider.
- Inform their local office of public assistance about any changes in address, income, etc.

Medicaid clients may see any Medicaid-enrolled provider as long as PASSPORT To Health and prior authorization guidelines are followed, and as long as they are not enrolled in Team Care.

Other Programs

Here is how client eligibility provisions apply in Department of Public Health and Human Services programs other than Medicaid.

Mental Health Services Plan (MHSP)

MHSP clients will present a hard white plastic card. Their MHSP card makes them eligible only for those services covered by MHSP, which are described in the *Mental Health Services* and *Prescription Drug Program* manuals. Medicaid clients do not need an MHSP card to receive mental health services.

Children's Health Insurance Plan (CHIP)

Few children are eligible for both Medicaid and CHIP simultaneously. If a patient presents both cards, check the dates of Medicaid eligibility and the child's CHIP enrollment. If both cards are valid, treat the patient as a CHIP patient. Services not covered by CHIP may be covered by Medicaid.

If a client presents a CHIP card for dental services, then see the CHIP Dental Services manual for information about coverage and billing. If a client presents a CHIP card for eyeglasses, the card is valid only with the CHIP program's designated supplier (see the *CHIP* section of the *Optometric and Eyeglass Services* manual). If a client presents a CHIP card for any other service, see the CHIP provider manual published by BlueCross BlueShield of Montana. Call (406) 447-8647 in Helena or (800) 447-7828 x8647 statewide for more information.

Chemical Dependency Bureau State Paid Substance Dependency/Abuse Treatment Program (CDB-SPSDATP)

Clients in this program are not issued a Montana Access To Health card. Clients should apply for services directly from the state approved programs. For a list of these programs call (406) 444-9408. Services require prior authorization and authorization for continued stay review.

Subsidized Health Insurance Programs in Montana (Providers May Refer Clients to the Following Programs)

Workers' Compensation	State Fund and independent workers' compensation insurers	People with injuries or illnesses related to their work.	Workers may call (406) 444-6543
Note: Eligibility rules are complex; clients and providers should check with the program administrator for specifics.			

PASSPORT and Prior Authorization

What Is PASSPORT To Health, Team Care, and Prior Authorization? (ARM 37.85.205 and 37.86.5101 - 5120)

PASSPORT To Health, Team Care, Nurse First and Prior Authorization are examples of the Department's efforts to ensure the appropriate use of Medicaid services. Each of these programs has specific requirements.

PASSPORT To Health

PASSPORT To Health Managed Care Program is Montana Medicaid's Primary Care Case Management (PCCM) Program. Under PASSPORT, Medicaid clients choose one primary care provider and develop an ongoing relationship that provides a "medical home." With some exceptions, all services to PASSPORT clients must be provided or approved by the PASSPORT provider.

The PASSPORT mission is to manage the delivery of health care to Montana Medicaid clients in order to improve or maintain access and quality while minimizing use of health care resources. Approximately 68% of the Medicaid population is enrolled in PASSPORT. Most Montana Medicaid clients must participate in PASSPORT. The PASSPORT Program saves the Medicaid Program approximately \$20 million each year. These savings allow improved benefits and/or reimbursement elsewhere in the Medicaid Program.

Team Care

Team care is a utilization control and management program designed to educate clients on how to effectively use the Medicaid system. Team Care clients are managed by a "team" consisting of a PASSPORT primary care provider (PCP), one pharmacy, Nurse First, and Montana Medicaid. This group works together to help clients decide how, when and where to access services. Clients with a history of using services at an amount or frequency that is not medically necessary are enrolled in Team Care. These clients must enroll in PASSPORT, select a PASSPORT PCP and single pharmacy, and call the Nurse First Advice Line prior to accessing Medicaid health services (except for emergency services). These clients receive extensive outreach and education from Nurse First nurses and are instructed on the proper use of the Montana Medicaid healthcare system.

Medicaid does not pay for services when prior authorization, PASSPORT, or Team Care requirements are not met.

Clients are identified for the Team Care Program by claims data analysis, recommendation from the Drug Utilization Review Board or by provider referral. Providers who want to recommend a client to the Team Care program should submit a completed *Team Care Provider Referral Fax Form* available on the Provider Information website or contact the Team Care program officer (see *Key Contacts*).

Team Care is a component of the PASSPORT To Health program, and all PASSPORT rules and guidelines apply to Team Care clients. For more information on the Team Care Program, visit the *Team Care* page on the Provider Information website (see *Key Contacts*) or see the Medicaid manual for your provider type. For more information on the Nurse First Program, see *Nurse First* in the *Client Eligibility and Responsibilities* chapter of this manual.

Prior authorization

Prior authorization (PA) refers to a list of services that require Department authorization before they are performed. Some services may require both PASSPORT approval and prior authorization. If a service requires prior authorization, the requirement exists for all Medicaid clients. Prior authorization is usually obtained through the Department or a prior authorization contractor. If both PASSPORT approval and prior authorization are required for a service, then both numbers must be recorded in different fields on the Medicaid claim form (see the *Completing a Claim* chapter in the Medicaid billing manual for your provider type). Most Montana Medicaid fee schedules indicate when PA is required for a service. For more information on prior authorization, see the *PASSPORT and Prior Authorization* chapter in the Medicaid billing manual for your provider type.

When both PASSPORT approval and prior authorization are required, they must be recorded in different fields on the claim form.

In practice, providers will most often encounter clients who are enrolled in PASSPORT. Whether the client is enrolled in PASSPORT or Team Care, the eligibility information denotes the client's primary care provider. Services are only covered when they are provided or approved by the designated PASSPORT provider or Team Care pharmacy shown in the eligibility information. Specific services may require both prior authorization and PASSPORT provider approval. To be covered by Medicaid, all services must also be provided in accordance with the requirements listed in the *Provider Requirements* chapter of this manual and in the Medicaid billing manual for your provider type.

Verifying PASSPORT Enrollment

Client eligibility verification will denote whether the client is enrolled in PASSPORT. The client's PASSPORT provider and phone number are also available, and the client may have Full or Basic coverage. Instructions for checking client eligibility are in the *Client Eligibility and Responsibilities* chapter of this manual.

PASSPORT and Emergency Services

PASSPORT provider approval is not required for emergency services. Emergency medical services are those services required to treat and stabilize an emergency medical condition. Non-emergencies in the ED will not be reimbursed, except for the screening and evaluation fee and any appropriate imaging and diagnostic services that are part of the screening. For more information, see *Emergency Services* on the Provider Information website or in the Medicaid billing manual for your provider type (see *Key Contacts*).

If inpatient hospitalization is recommended as post stabilization treatment, the hospital must get a referral from the client's PASSPORT provider. If the hospital attempts to contact the PASSPORT provider and does not receive a response within 60 minutes, authorization is assumed. To be paid for these services, send the program officer (see *Key Contacts*) documentation that clearly shows the time of the attempt to reach the PASSPORT provider and the time of the initiation of post stabilization treatment. There must be a 60 minute time lapse between these two events.

PASSPORT Referral and Approval

If a Medicaid client is seeking a medically necessary service that the PASSPORT provider does not provide, and the service requires PASSPORT approval, then the PASSPORT provider refers the client to another provider. Referrals can be made to any other provider who accepts Montana Medicaid. Referrals from the PASSPORT provider may be verbal or in writing and must be documented by the PASSPORT provider. Referrals must also be accompanied by the primary care provider's PASSPORT number for use on the claim. See Appendix A for a Medicaid covered services and PASSPORT referral information. Providers should refer to their Medicaid billing manual for their provider type.

PASSPORT and Indian Health Services

Clients who are eligible for both Indian Health Services (IHS) and Medicaid may choose a PASSPORT-enrolled IHS provider or another provider as their PASSPORT provider. Clients who are eligible for IHS do not need a referral from their PASSPORT provider to obtain services from IHS. However, if IHS refers the client to a non-IHS provider, the PASSPORT provider must approve the referral.

Non-PASSPORT Provider and a PASSPORT Client

To be covered by Medicaid, all services must be provided in accordance with the requirements listed in the *Provider Requirements* chapter of this manual and in the *Covered Services* chapter of the Medicaid billing manual for your provider type. Prior authorization and Team Care requirements must also be followed.

- If a client is enrolled in PASSPORT, the services must be provided or approved by the client's PASSPORT provider. Some services do not

require PASSPORT approval (See *Appendix A Medicaid Covered Services*).

- The PASSPORT provider's approval may be verbal or written but should be documented and maintained in the client's file, and the claim form must contain the PASSPORT provider's PASSPORT number. The referral must be documented in the PCP's client file or telephone log. Documentation should not be submitted with the claim.
- The client's PASSPORT provider must be contacted for approval for each visit.
- Using another provider's PASSPORT number without approval is considered fraud.
- If a PASSPORT provider refers a client to you, do not refer that client to someone else without the PASSPORT provider's approval. This is considered piggy backing and Medicaid will not cover the service.
- A facility or non-PASSPORT provider is not authorized to pass on a PASSPORT approval number. This may be considered fraud.
- To verify client eligibility, see the *Client Eligibility* chapter in the *General Information For Providers* manual.

How to Become a PASSPORT Provider

Any provider who has primary care within his or her scope of practice and is practicing primary care can be a PASSPORT provider. PASSPORT providers receive a monthly case management fee of \$3.00 for each enrolled PASSPORT client. Providers who wish to become a PASSPORT provider must:

- Enroll in Medicaid. Medicaid enrollment forms are available on the *Provider Information* website, or providers may call Provider Relations (see *Key Contacts*).
- Enroll in PASSPORT. The PASSPORT agreement is available on the *Provider Information* website, or providers may call Provider Relations (see *Key Contacts*).

PASSPORT Tips

- Verify the client's Medicaid eligibility by using one of the methods described in the *Client Eligibility and Responsibilities* chapter of this manual.
- Do not bill for case management fees; they are paid automatically to the provider each month.
- If you are not your client's PASSPORT provider, and the services require PASSPORT provider approval, contact the client's PASSPORT provider for approval. If the service is approved, include the PASSPORT approval number on the claim, or it will be denied.

- The same cost sharing, service limits, and provider payment rules apply to PASSPORT and non-PASSPORT clients and services.
- For claims questions, refer to the *Billing Procedures* chapter of the Medicaid billing manual for your provider type, or call Provider Relations (see *Key Contacts*).

Getting Questions Answered

The *Key Contacts* section in the front of this manual provides important phone numbers and addresses. Providers may call Provider Relations for answers to questions about Medicaid or PASSPORT enrollment, claims, client eligibility, and more. Clients may call the Montana Medicaid Help Line for answers to most Medicaid and PASSPORT questions. Provider newsletters keep providers updated on Medicaid and PASSPORT changes and are available on the *Provider Information* web site (see *Key Contacts*).

Emergency Medical Services

Emergency medical services are those services required to treat and stabilize an emergency medical condition.

Experimental

A non-covered item or service that researchers are studying to investigate how it affects health.

Fair Hearing

Providers may request a fair hearing when the provider believes the Department's administrative review determination fails to comply with applicable laws, regulations, rules or policies. Fair hearings include a hearings officer, attorneys, and witnesses for both parties.

Fiscal Agent

ACS is the fiscal agent for the State of Montana and processes claims at the Department's direction and in accordance with ARM 37.86 et seq.

Full Medicaid

Patients with Full Medicaid have a full scope of Medicaid benefits. See *Appendix A: Medicaid Covered Services*.

Indian Health Services (IHS)

IHS provides federal health services to American Indians and Alaska Natives.

Investigational

A non-covered item or service that researchers are studying to investigate how it affects health.

Kiosk

A "room" or area in the Montana Virtual Human Services Pavilion (VHSP) web site that contains information on the topic specified.

Medicaid

A program that provides health care coverage to specific populations, especially low-income families with children, pregnant women, disabled people and the elderly. Medicaid is administered by state governments under broad federal guidelines.

Medicaid Eligibility and Payment System (MEPS)

A computer system by which providers may access a client's eligibility, demographic, and claim status history information via the internet.

Medically Necessary

A term describing a requested service which is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent worsening of conditions in the client. These conditions must be classified as one of the following: endanger life, cause suffering or pain, result in an illness or infirmity, threaten to cause or aggravate a handicap, or cause physical deformity or malfunction. There must be no other equally effective, more conservative or substantially less costly course of treatment available or suitable for the client requesting the service. For the purpose of this definition, "course of treatment" may include mere observation or, when appropriate, no treatment at all.

Medicare

The federal health insurance program for certain aged or disabled clients.

Mental Health Services Plan (MHSP)

This plan is for individuals who have a serious emotional disturbance (SED) or a severe and disabling mental illness (SDMI), are ineligible for Medicaid, and have a family income that does not exceed an amount established by the Department.

Montana Breast and Cervical Cancer Treatment Program

This program provides Basic Medicaid coverage for women who have been screened through the Montana Breast and Cervical Health Program (MBCHP) and diagnosed with breast and/or cervical cancer or a pre-cancerous condition.

PASSPORT To Health

A Medicaid managed care program where the client selects a primary care provider who manages the client's health care needs.

Prior Authorization (PA)

The approval process required before certain services or supplies are paid by Medicaid. Prior authorization must be obtained before providing the service or supply.

Private-pay

When a client chooses to pay for medical services out of his or her own pocket.

Protocols

Written plans developed by a public health clinic in collaboration with physician and nursing staff. Protocols specify nursing procedures to be followed in giving a specific exam, or providing care for particular conditions. Protocols must be updated and approved by a physician at least annually.

Provider or Provider of Service

An institution, agency, or person:

- Having a signed agreement with the Department to furnish medical care and goods and/or services to clients; and
- Eligible to receive payment from the department.

Qualified Medicare Beneficiary (QMB)

QMB clients are clients for whom Medicaid pays their Medicare premiums and some or all of their Medicare coinsurance and deductibles.

Remittance Advice (RA)

The results of processed claims (including paid, denied, and pending claims) are listed on the RA.

Retroactive Eligibility

When a client is determined to be eligible for Medicaid effective prior to the current date.

Routine Podiatric Care

Routine podiatric care includes the cutting or removing of corns and calluses, the trimming of nails or the application of skin creams and other hygienic, preventive maintenance care and debridement of nails.

Sanction

The penalty for noncompliance with laws, rules, and policies regarding Medicaid. A sanction may include withholding payment from a provider or terminating Medicaid enrollment.

Specified Low-Income Medicare Beneficiaries (SLMB)

For these clients, Medicaid pays the Medicare premium only. They are not eligible for other Medicaid benefits, and must pay their own Medicare coinsurance and deductibles.

Spending Down

Clients with high medical expenses relative to their income can become eligible for Medicaid by "spending down" their income to specified levels. The client is responsible to pay for services received before eligibility begins, and Medicaid pays for remaining covered services.

Team Care

A utilization control program designed to educate clients on how to effectively use the Medicaid system. Team Care clients are managed by a “team” consisting of a PASSPORT PCP, one pharmacy, the Nurse First Advice Line, and Montana Medicaid.

Third Party Liability (TPL)

Any entity that is, or may be, liable to pay all or part of the medical cost of care for a Medicaid, MHSP or CHIP client.

Timely Filing

Providers must submit clean claims (claims that can be processed without additional information or documentation from or action by the provider) to Medicaid within the latest of

- 12 months from whichever is later:
 - the date of service
 - the date retroactive eligibility or disability is determined
- 6 months from the date on the Medicare explanation of benefits approving the service
- 6 months from the date on an adjustment notice from a third party payor who has previously processed the claim for the same service, and the adjustment notice is dated after the periods described above.

Usual and Customary

The fee that the provider most frequently charges the general public for a service or item.

Virtual Human Services Pavilion (VHSP)

General Information For Providers II

Medicaid and Other Medical Assistance Programs

The topics covered in this manual will eventually be included in the Medicaid billing manual for your provider type.

September, 2004

This publication supersedes previous general information provider handbooks. This publication is to be used with the General Information For Providers manual (dated February, 2002) and with the specific provider manual(s). General Information For Providers II was published by the Department of Public Health & Human Services February, 2002.

Updated September, 2002, October 2003, September 2004

CPT codes, descriptions and other data only are copyright 1999 American Medical Association (or such other date of publication of CPT). All Rights Reserved. Applicable FARS/DFARS Apply.

This manual is for providers whose Medicaid billing manual for their provider type does not have chapters titled *Coordination of Benefits, Billing Procedures, and Remittance Advices and Adjustments.*

Key Contacts

Hours for Key Contacts are 8:00 a.m. to 5:00 p.m. Monday through Friday (Mountain Time), unless otherwise stated. The phone numbers designated “In state” will not work outside Montana.

Provider Relations

Contact Provider Relations for questions about Medicaid, MHSP, and CHIP eyeglass and dental questions including payments, denials, eligibility, general claims questions, and PASSPORT or Medicaid questions or enrollment:

(800) 624-3958 In state
(406) 442-1837 Out of state and Helena
(406) 442-4402 Fax

Send written inquiries to:
Provider Relations Unit
P.O. Box 4936

Newsletter

An informational letter sent to providers (such as the *Montana Medicaid Claim Jumper* or the *PASSPORT to Health Provider Newsletter*).

PASSPORT Authorization Number

This number is either the PASSPORT provider's PASSPORT number or Medicaid provider ID. When a PASSPORT provider refers a client to another provider for services, this number is given to the other provider and is required when processing the claim.

PASSPORT To Health

A Medicaid managed care program where the client selects a primary care provider who manages the client's health care needs.

Pay and Chase

Medicaid pays a claim and then recovers payment from the third party carrier that is financially responsible for all or part of the claim.

Pending Claim

These claims have been entered into the system, but have not reached final disposition. They require either additional review or are waiting for client eligibility information.

Potential Third Party Liability

Any entity that may be liable to pay all or part of the medical cost of care for a Medicaid, MHSP or CHIP client.

Prior Authorization (PA)

The approval process required before certain services or supplies are paid by Medicaid. Prior authorization must be obtained before providing the service or supply.

Provider or Provider of Service

An institution, agency, or person:

- Having a signed agreement with the Department to furnish medical care and goods and/or services to clients; and
- Eligible to receive payment from the Department.

Rebilling

When a provider submits a claim that was previously submitted for payment but was either returned or denied.

Referral

When providers refer clients to other Medicaid providers for medically necessary services that they cannot provide.

Remittance Advice (RA)

Provides details of all transactions that have occurred during the previous two weeks, includes paid, denied, and pending claims.

Remittance Advice Notice

The first page of the remittance advice that contains important messages for providers.

Retroactive Eligibility

When a client is determined to be eligible for Medicaid effective prior to the current date.

Team Care

A utilization control program designed to educate clients on how to effectively use the Medicaid system. Team Care clients are managed by a "team" consisting of a PASSPORT PCP, one pharmacy, the Nurse First Advice Line, and Montana Medicaid.

Third Party Liability (TPL)

Any entity that is liable to pay all or part of the medical cost of care for a Medicaid, MHSP or CHIP client.

Usual and Customary

The fee that the provider most frequently charges the general public for a service or item.

Virtual Human Services Pavilion (VHSP)

This internet site contains a wealth of information about Human Services, Justice, Commerce, Labor & Industry, Education, voter registration, the Governor's Office, and Montana. <http://vhsp.dphhs.state.mt.us>
